

Randy Sebik

August 15, 1968 to July 19, 2010

Randall Patrick Sebik passed away Monday, the 19th of July. As a young boy, Randy had a deep desire to become a farmer. To help make his dream a reality, he attended and graduated from Tarleton University with a major in Mechanized Agriculture in 1997. He was blessed by being able to farm and ranch. One of his proudest, lifelong accomplishments was selling a pen of black baldie heifers at the Fort Worth Stock Show in 2010.

Randy also enjoyed coaching his son Ryan in baseball for many years through the KYA and taking him hunting. Many trophy bucks were proudly displayed in his home and office and the stories were ready to be told for each one.

Randy married the love of his life, Jill Sebik, on July 28th, 2007 in Pensacola, FL. They made a home together in Haslet, Texas. Their combined love for the outdoors and adventure lead them on many road trips to remote country towns in search of a great deal on a piece of equipment or a hole in the wall mom-n-pop joint that would have amazing food.

Another passion of Randy's was participating in the FFA with his stepson Zander Lewis. Randy took great strides in making sure Zander had the very best pig and did extensive research on exactly what to feed it. The very first year showing, Zander placed 3rd in his class for the Houston Livestock Show, and won Grand Reserve at the Denton County Fair. Randy had never been so proud of him!

Randy was also passionate about his employees at Centex Seeding. His right hand man, Jose Rodriguez, had been an integral part to the business. Randy appreciated so much all his employees help and loyalty over the past nine years.

Randy was of Czech descent and enjoyed Polka music and eating authentic Czech food. He used to love bringing home a fresh plate of kolaches from his Dad or Wilma, or a bag of sausage or ring bologna that his parents would give to him while passing through West, TX. His heritage meant so much to him and there was never a Sunday that would pass where the Polka show wouldn't be playing on the radio on his truck radio or his home stereo. Checking his cows would always include a listening to a CD of the Vrazels Polka Band or Joe Patek, two of his favorite groups.

Randy will be missed by his wife of three years, Jill Sebik, her son Zander Lewis, and his son Ryan Louis Sebik. He also leaves behind his parents, Pat & Betty Sebik, his sister Monica, and Monica's husband, Steve Shank. He also leaves behind his pup Abby Rose, who Randy said was like a buzz saw...chewing up the entire house—something in which Randy found so much humor!

Randy was preceded in death by his grandparents Frank and Agnes Sebik of Aquilla, John & Agnes Juricek of Ennis, Uncle Albin Sebik of Abbott, and Aunt Margie Juricek of Dallas.

Randy's laughter and fun spirit and generosity will be missed by all. He always wanted the song Amazing Grace to be played as his ashes were spread in a place that he would be happy.

"I pray for peace and healing for all his loved ones and family. Randy...I will always love you!" Jill Sebik
